Nicholas Batlle joined Frier Levitt in 2023 as an associate in the Life Sciences litigation department. He represents pharmacies, 340B covered entities, and other healthcare providers in a range of complex matters, including contract disputes, Pharmacy Benefit Manager (PBM) reimbursement issues, DIR fee challenges, and general commercial litigation within the healthcare industry. Nicholas is developing a strong understanding of federal and state laws, regulations, and guidelines governing pharmacy practice and the pharmaceutical sector, while also gaining valuable insight into the intricate contractual relationships between pharmacies and third-party payors, including PBMs, which enables him to advise clients on complex regulatory compliance issues.

Before joining Frier Levitt, Nicholas served as a Deputy Attorney General in the Treasury Finance and Benefits Section at the New Jersey Office of the Attorney General. In this role, he represented the Public Employees Retirement System (PERS) in litigation disputes and counseled the Economic Development Authority (EDA) on public financial programs and debt recovery. Nicholas also provided guidance to the Fort Monmouth Economic Revitalization Authority (FMERA), implementing effective risk avoidance strategies to ensure compliance with state and federal regulations.

Nicholas earned his J.D. from New York Law School in 2022, receiving the Dean's Merit Scholarship and appearing on the Dean's List with High Honors. He participated in the Vis International Commercial Arbitration Moot, served as a mentor in the Latinx Inspiring the Future Mentorship Program, and was a member of the Center for Business & Financial Law. Outside of work, Nicholas enjoys spending time with his dogs and playing sports, including golf, baseball, and basketball.
